U.S. Public Health Service

Center for Behavioral Health Statistics and Quality
Rockville, MD 20857

RESIDENT

RIVERSIDE, RI 02915

July 1, 2013

Dear Resident:

① To better serve all people across the nation, the United States Public Health Service (USPHS) is conducting a national study on health-related issues. Your address was randomly chosen along with more than 200,000 others. Research Triangle Institute (RTI) is under contract to ③ carry out this study for the USPHS. Soon, an RTI interviewer will be in your neighborhood to give you more information.

When the interviewer arrives, please ask to see his or her personal identification card. An example of the ID card is shown below. The interviewer will ask you a few questions, and then may ask one or two members of your household to complete an interview. It is possible that no one from your household will be chosen to be interviewed. You may choose not to take part in this study, but no one else can take your place. Every person who is chosen and completes the interview will receive \$30 in cash. ④

⑤ All the information collected is confidential and will be used only for statistical purposes. ⑥ This is assured by federal law. This letter is addressed to "Resident" because your address was selected, and we do not know your name. ⑦ Feel free to ask the interviewer any questions you have about the study.

Your help is very important to this study's success. Thank you for your cooperation.

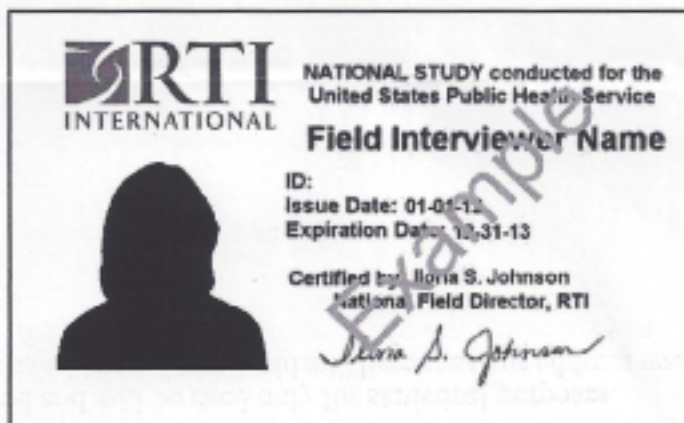

Sincerely,

Joel Kennet
